LANGUAGES

FRENCH (BILINGUAL)

ALBANIAN (BILINGUAL)

ENGLISH (FULL PROFESSIONAL)

INTEREST

ART, PHILOSOPHY

PROJECTS

Weather API
A class project where I get information from different API's.
Technologies: Java, Hibernate.
https://github.com/EdmondAg/WeatherProject

Portfolio
Built my portfolio.
Technologies: HTML, CSS, Java.
Website: www.edmondagalliu.online
https://github.com/EdmondAg/edmondagalliu-online

Silence remover
Created an application that removes unnecessary silences and glitches from an audio file. The application takes the audio file and removes interruptions and high-pitched noise between phrases or words.
Technologies: Python, Kivy
https://github.com/EdmondAg/SilenceRemover
